Dynamic Solutions for the Open Workplace
Welcome to HAT Contract.

We are committed to making the design and logistics of the open workplace efficient, affordable and supremely functional.

HAT Contract offers a wide product selection including electric height adjustable bases, HAT Power and Data Beams, HAT height adjustable benching, Mobile Pedestals, Monitor Arms, Privacy Dividers and more. HAT has all the elements that make an environment productive, comfortable and healthy. Our sales, management and support teams bring value and experience to each dealer. We know thoughtful and accurate quotations, competitive pricing, timely deliveries and dependable service come from proactive people who know the contract design industry.

Companies big and small have benefitted from adopting an open office plan. We proudly offer our clients solutions and tools for great spaces: products, coordination, education and consultation — they’re all under one HAT.

HAT’s Power and Data Beam efficiently and affordably brings power into open areas.
HAT Power and Data Beams

HAT gets power and data distributed in a cost effective, simple, and clean way. The HAT Power and Data Beam offers the ultimate in design flexibility since it’s not locked into a grid. Workstations can run perpendicular or parallel to the beam. Available in straight line (L, T and X), or 120 degree (two and three way). Also available: beam mounted Privacy Dividers in different dimensions.

Power and Data Beam

- Frame height: 23”
- Available widths: 36”, 48”, 60” and 72”
- Optional Title 24 Compliant
- Stocked in silver, black and white
- Straight and 120 degree connector posts
- Each raceway cover includes: 2 receptacles and 1 voice data cutout
- Dividers available in fabric, acrylic, and white board
- Electric system: 4-circuit, 8-wire Byrne™ 8 trac system
- Quick mounting clips for the PowerTrac come pre-installed

- Stocked in silver and white
- Width options are 48", 60" and 72"
- Includes 2 MID Bases with expandable frames (adjusts 27.25" – 46.75" high)
- Includes 2 horizontal connector bars to connect base legs
- Includes Power Beam
- Includes Power Trac with jumper connector
- Additional elements are ordered separately: Duplex Receptacles, Base/Ceiling Power Feed, Work Surfaces, Dividers that are beam or surface-mounted, optional Cable Management Tray
- Dual sync motors/300 lb. lift capacity (including top)

HAT Benching

A new sleek height adjustable benching unit, at the same affordable HAT pricing and with our same quick shipping. A perfect solution for clients who want to maximize floor space but are weighing the cost of replacing their traditional office workstations.
HAT’s 2-legged bases work for corner, 120-degree and rectangular stations.
Height Adjustable Bases

Our bases are designed in 3 models and 5 versions. Bases are reliably stocked in 3 colors. HAT’s two-legged bases feature the Folding HAT design, which minimizes assembly time. They’re expandable with no fixed-width cross bar with which to contend. Featuring a synced and quiet motor system, and a 7-year warranty on electric and mechanical parts. Lifetime warranty on the frame.

The HAT product line comes together to make beautiful and functional open office environments: height adjustable bases, HAT Benching, HAT Power and Data Beams, Dividers, Mobile Pedestals, Monitor Arms and more.
HAT’s Mobile Pedestals are stocked in silver, white and black.
Mobile Pedestals

HAT’s pedestals are mobile and designed to help maximize usable space at every workstation. Both the Mobile Pedestal and the Mobile Slim Pedestal slide over the feet of the HAT base. At a 10.6” width, the Mobile Slim Pedestal can also squeeze in between the “dead space” found between the legs of two adjacent table bases.

Innovative’s Monitor Arms affordably improve ergonomics in the workplace.
Innovative Monitor Arms

Innovative Monitor Arms offer improved ergonomics, flexibility, and space savings for the professional user. Position your monitors exactly where you need them. Our arms feature multiple mounting options and integrated cable management to keep your desk organized and free of cable clutter.

For more information, visit: InnovativeWorkspaces.com
Efficiency: Our “Folding HAT” design makes installation of bases quick and easy. See the HAT website.

Stability: HAT beams have excellent stability, unlike many other beam systems on the market.

Value: HAT products are high quality yet cost-effective. HAT offers some of the best pricing in the industry.

Reliability: HAT’s inventory of height adjustable bases is unmatched. Whatever the project scale, HAT fills orders quickly and easily.

Speed: HAT products are ready to ship when ordered. Stocked products are shipped within 3 days.
Solutions: HAT stocks all essentials for the open office: benching, bases, beams, mobile peds and more.

Details: HAT offers dividers, keyboard pads, monitor arms, and desktop power units.

Flexibility: HAT pieces are modular and easily reconfigured when floor layouts change.

Meetings: HAT now offers a height adjustable conference table base.

Solutions: HAT stocks all essentials for the open office: benching, bases, beams, mobile peds and more.
Why HAT Contract for the open office?

**Dealer-focused team:** Our management and service teams have worked at dealerships. We know the business: the deadlines, the need to make specifying and ordering easy, and all the steps that create a great project.

**Proven performance:** In under five years, HAT has become one of the largest suppliers of table bases and open office products. Our products are installed in major global corporations, including Google, LinkedIn, Verizon, REI, PayPal, Disney, Charles Schwab, SpaceX, Kaiser Permanente and many more.

**Competitive pricing:** Because HAT stocks the largest inventory of bases, we’re able to offer some of the best pricing in the industry. We bring great value, enabling businesses of all sizes to improve the workplace via height-adjustability and easy access to power and data.

**Dependable inventory and stocking:** Our inventory of height adjustable bases is unmatched. Whatever the project scale, we fill orders quickly and easily.

**Timely deliveries:** HAT-stocked bases and products are ready to ship when ordered. No more long waits for bases to arrive from the factory. We offer quick shipping in three days or less on all stocked products.

**Warranty:** HAT Contract offers some of the best warranties in the business for our product sector. For bases, HAT offers a seven-year warranty on mechanical and electric elements. HAT also warrants approved labor.

**Responsive service:** HAT is known for its speed in answering and solving unforeseen dealer challenges. Our project management and customer service teams work quickly. We know issues can get worse with age, so we believe in solving early.

**Resources:** HAT can help with fast quotations and drawings. HAT is on 2020 Cap and Giza, and My Resource Library. Our website provides pricing, tutorials, user manuals, assembly instructions and more.
