Dynamic Solutions for the Open Workplace
Welcome to HAT Contract.

We are committed to making the design and logistics of the open workplace efficient, affordable and supremely functional.

HAT Contract offers a wide product selection including electric height adjustable bases, HAT Power and Data Beams, HAT height adjustable benching, Mobile Pedestals, Monitor Arms, Privacy Dividers and more. HAT has all the elements that make an environment productive, comfortable and healthy. Our sales, management and support teams bring value and experience to each dealer. We know thoughtful and accurate quotations, competitive pricing, timely deliveries and dependable service come from proactive people who know the contract design industry.

Companies big and small have benefitted from adopting an open office plan. We proudly offer our clients solutions and tools for great spaces: products, coordination, education and consultation — they’re all under one HAT.

Alternating between sitting and standing positions, and maintaining moderate movement throughout the day contribute to good health for employees. HAT helps businesses of all sizes bring the positive investment of height adjustability into the open workplace environment. Meet our entire HAT team and learn more at hatcontract.com.
Affordable solutions for the open office, all under one HAT

**HAT Power and Data Beams**
- Easily brings power and data into open spaces. Available in four widths. Connector posts allow use as straight (L, T and X), or 120 degree (two and three way). Dividers available.
- Stocked in: Silver, Black, White

**HAT Benching**
- Design incorporates a built-in power and data beam so power is carried into open areas. Height adjusts from 27.25" to 46.75". Available in three widths. Dividers available.
- Stocked in: Silver, White

**Height Adjustable Bases**
- Electric height adjustable bases: Stocked in three styles Mid HAT, Hi HAT and the three-legged L Unit. Reliably stocked in three colors. Three day lead time. Dividers available.
- Stocked in: Silver, Black, White

**Work Surfaces and Laminates**
- Available in four laminates. Standard Work Surface shapes for Bases and Benching available as rectangles and 120s.
- Stocked in: Designer White
- Made to order: Manitoba Maple, Fawn Cypress, Pinnacle Walnut

**Mobile Pedestals**
- Available in two widths. The slim version is designed to fit within the dead space between the legs of adjacent bases. Optional seat cushion available.
- Stocked in: Silver, Black, White

**Dividers and Accessories**
- Available as fabric fold. Or as acrylic, available in nine colors. Or as white board. Modesty Panels available. Dividers can be mounted to Work Surfaces, HAT Benching, and Power and Data Beams.
- Made to order*: Surface mounted, Beam mounted, Bench mounted, Fabric, Acrylic, White board, PET EchoScape

**Monitor Arms**
- Monitor Arms available that can support one, two or three or more monitors.
- Most arms available in: Silver, Black, White

* In stock divider options available, see page 17.
HAT’s Power and Data Beam efficiently and affordably brings power into open areas.
HAT Power and Data Beams

HAT gets power and data distributed in a cost effective, simple, and clean way. The HAT Power and Data Beam offers the ultimate in design flexibility since it’s not locked into a grid. Workstations can run perpendicular or parallel to the beam. Available in straight line (L, T and X), or 120 degree (two and three way). Also available: beam mounted Privacy Dividers in different dimensions.

Power and Data Beam

- Frame height: 23”
- Available widths: 36”, 48”, 60” and 72”
- Optional Title 24 Compliant
- Stocked in silver, black and white
- Straight and 120 degree connector posts
- Each raceway cover includes: 2 receptacles and 1 voice data cutout
- Dividers available in PET, fabric, acrylic, and white board
- Electric system: 4-circuit, 8-wire Byrne™ 8 trac system
- Quick mounting clips for the PowerTrac come pre-installed
- 4 Duplex Receptacles per trac
- Voice and data cover plates provided
HAT Benching carries power/data, and surface adjusts from 27.25 to 46.75".

Shown with optional Cable Management Tray
Benching Finishes

SI Silver  WH White

**HAT Benching**

A new sleek height adjustable benching unit, at the same affordable HAT pricing and with our same quick shipping. A perfect solution for clients who want to maximize floor space but are weighing the cost of replacing their traditional office workstations.

**Benching**

- Stocked in silver and white
- Width options are 48", 60" and 72"
- Includes 2 MID Bases with expandable frames (adjusts 27.25”–46.75” high)
- Includes 2 horizontal connector bars to connect base legs
- Includes Power Beam
- Includes Power Trac with jumper connector
- Additional elements are ordered separately: Duplex Receptacles, Base/Ceiling Power Feed, Work Surfaces, Dividers that are beam or surface-mounted, optional Cable Management Tray
- Dual sync motors/300 lb. lift capacity (including top)
HAT’s 2-legged bases work for corner, 120-degree and rectangular stations.
# Height Adjustable Bases

Our bases are designed in 3 models and 5 versions. Bases are reliably stocked in 3 colors. HAT’s two-legged bases feature the Folding HAT design, which minimizes assembly time. They’re expandable with no fixed-width cross bar with which to contend. Featuring a synced and quiet motor system, and a 7-year warranty on electric and mechanical parts. Lifetime warranty on the frame.

Mobile Pedestals

HAT’s pedestals are mobile and designed to help maximize usable space at every workstation. Both the Mobile Pedestal and the Mobile Slim Pedestal slide over the feet of the HAT base. At a 10.6” width, the Mobile Slim Pedestal can also squeeze in between the “dead space” found between the legs of two adjacent table bases.

Mobile Pedestal
MPEDBF-15
• Cost excludes cushion. Shown above with cushion.
• Dimensions: 15” W x 22” D x 21” H
• Files letter or legal sizes
• Includes lock (key alike available)
• Locking casters
• Full front drawer pull
• Full extension drawer slides
• Heavy duty steel construction
• Pencil tray included
• Pull handle for easy moving
• Stocked in silver, black or white
• Anti-tipping counterweight included

Mobile Slim Pedestal
MPEDBF-10
• Cost excludes cushion. Shown above without cushion.
• Dimensions: 10.6” W x 22” D x 21” H

HAT’s Dividers attach to HAT Power and Data Beams, Benching and Work Surfaces.
Fabric Dividers, White Boards and Accessories

Use HAT Dividers to create privacy and help noise absorption. Dividers can be mounted to table surfaces, HAT Power and Data Beams or HAT Benching. Choose from our standard colors or talk to us about other options that fit your project. Dividers can also be ordered that fit along the depth of the work surface to establish more separation between individual stations.

In Stock Divider Options*

Dividers available in PET, fabric, frosted acrylic and white board
Dividers available in a variety of dimensions for width and height
Dividers can attach to Work Surfaces, HAT Power and Data Beams and HAT Benching
COM is available; please review with your HAT sales representative
Modesty Panels also available

* Sizes limited, visit HatContract.com for more information.

Efficiency: Our “Folding HAT” design makes installation of bases quick and easy. See the HAT website.

Stability: HAT beams have excellent stability, unlike many other beam systems on the market.

Value: HAT products are high quality yet cost-effective. HAT offers some of the best pricing in the industry.

Reliability: HAT’s inventory of height adjustable bases is unmatched. Whatever the project scale, HAT fills orders quickly and easily.

Speed: HAT products are ready to ship when ordered. Stocked products are shipped within 3 days.
Solutions: HAT stocks all essentials for the open office: benching, bases, beams, mobile peds and more.

Details: HAT offers dividers, keyboard pads, monitor arms, and desktop power units.

Flexibility: HAT pieces are modular and easily reconfigured when floor layouts change.

Meetings: HAT now offers a height adjustable conference table base.
Why HAT Contract for the open office?

Dealer-focused team: Our management and service teams have worked at dealerships. We know the business: the deadlines, the need to make specifying and ordering easy, and all the steps that create a great project.

Proven performance: In under five years, HAT has become one of the largest suppliers of table bases and open office products. Our products are installed in major global corporations, including Google, LinkedIn, Verizon, REI, PayPal, Disney, Charles Schwab, SpaceX, Kaiser Permanente and many more.

Competitive pricing: Because HAT stocks the largest inventory of bases, we’re able to offer some of the best pricing in the industry. We bring great value, enabling businesses of all sizes to improve the workplace via height-adjustability and easy access to power and data.

Dependable inventory and stocking: Our inventory of height adjustable bases is unmatched. Whatever the project scale, we fill orders quickly and easily.

Timely deliveries: HAT-stocked bases and products are ready to ship when ordered. No more long waits for bases to arrive from the factory. We offer quick shipping in three days or less on all stocked products.

Warranty: HAT Contract offers some of the best warranties in the business for our product sector. For bases, HAT offers a seven-year warranty on mechanical and electric elements. HAT also warrants approved labor.

Responsive service: HAT is known for its speed in answering and solving unforeseen dealer challenges. Our project management and customer service teams work quickly. We know issues can get worse with age, so we believe in solving early.

Resources: HAT can help with fast quotations and drawings. HAT is on 2020 Cap and Giza, and My Resource Library. Our website provides pricing, tutorials, user manuals, assembly instructions and more.
